The Committee can decide to conduct face-to-face interviews or remote interviews with the admitted candidates. In this second case, the Committee will indicate also the video conferencing software platforms to be used (for instance Skype or Google Meet).

Anyway, even if the Committee chooses to conduct face-to-face interviews, candidates in the following conditions can request a remote interview: applicants who live permanently outside Italy or are domiciled abroad for work/study or research, or who are unable to carry out an on-site interview for other different reasons.

Candidates in aforementioned conditions who wish to carry out the interview via video conference have to request it in the application form and they shall be equipped with the necessary and appropriate technical means for the online audio/video connection.

During the interview, applicants must show the identity card or passport that they had enclosed in copy with their application, otherwise they could not take part in it.

The wrong communication of the contact details, as well as the missed connection at the date and time communicated by the Administration and the missed presentation of the identity card or passport cause the loss of right to participate at the interview and consequentially at the selection.

The Scuola Normale is not responsible for any technical problems that may arise during the interview.
