CURRICULUM SCIENTIFICO PROFESSIONALE ¹
(allegato alla domanda, da caricare sulla procedura informatica PICA)

DOTT.SSA ELISA BELLÈ

Ho conseguito il dottorato in Sociologia e ricerca sociale presso l'Università di Trento e da poco concluso un progetto biennale di ricerca (Marie Skłodowska-Curie Fellowship) presso il Centre d'Études européennes di Sciences Po Paris. A fare da filo conduttore alla mia traiettoria scientifica è l'interesse per lo studio dei processi di partecipazione pubblica e politica, analizzati con una particolare attenzione alle dimensioni simbolico-culturali e di genere. Nel corso degli anni ho sviluppato una solida competenza nel maneggiare tutte le principali tecniche qualitative di raccolta dei dati e una buona capacità di analisi dei repertori culturali e comunicativi del discorso pubblico in relazione a temi diversi. Il mio profilo si caratterizza per la costante ricerca di connessioni tra approcci e dibattiti, così come per l'intreccio tra dimensione sociologica e storica nell'analisi dei fenomeni socio-politici. Questa attitudine interdisciplinare ha rafforzato la capacità di connettere tra loro quadri teorici diversi, sviluppando reti di collaborazione tra ambiti spesso attigui, ma non sempre tra loro in dialogo. Il percorso sin qui svolto si caratterizza anche per l'indipendenza finanziaria, coltivata grazie alla capacità di accedere a fondi di ricerca, attraverso il lavoro di progettazione individuale o di gruppo. I miei attuali interessi scientifici, legati ad alcuni esiti dell'ultimo progetto realizzato, attengono ai processi di polarizzazione socio-politica che sovente accompagnano la crescita dei partiti della destra radicale in Europa.

Periodo di svolgimento (data inizio e data fine attività)	Gruppo/programma di ricerca⁶	Ruolo ricoperto e breve descrizione dell'attività⁷
Anni accademici 2011-209	Research Unit on Communication, Organizational Learning and Aesthetics	Il gruppo riuniva dottorande/i e ricercatrici/tori che, a vario titolo e attraverso attività di ricerca e progetti diversi contribuivano a sviluppare la riflessione attorno ad alcuni temi organizzativi.
